COMMITTED TO SERVICE

Effective and efficient production secures the demands for cables.

"To gain and keep our clients' trust long-term, it is paramount that we are at the vanguard of the technological evolution."

Zsolt Séllei, Kistelek Plant Manager, Prysmian Group Hungary.

To make sure we can provide you with all the cables that you need, we make recurring investments in our Hungarian manufacturing plants. By making sure we are up to date, we are always ready to provide customers and communities worldwide with cable solutions based on state-of-the-art technology, consistent excellence in execution and in-depth understanding of the needs of an evolving market.

As the tough gets going, and you need a manufacturer that can live up to tighter and tighter delivery times as well as products fit for the future, you can rest assured we are ready to deliver.

Prysmian
Group

Our complete building wire offer is a safe winner.

From the ground outside a building to every function inside it, we have Hungarian made wires and cords that will make everything run smoothly. And you can rest assured that everything manufactured in our plants will live up to, or exceed, every relevant standard and regulation on the market. That is something that we never gamble with. Play safe, play Prysmian.

What we offer

Prysmian Hungary manufactures a range of electric cables appropriate for building wire applications. Our portfolio includes products suitable for all domestic wiring circuits found in a typical home and every item is produced to the highest standards of quality. Our products exceed current regulations, so you can be confident about the reliability of any cabling or accessories we provide.

To our strengths we'd also like to add our ability to deliver on time and have a well-developed process for product availability. Other important advantages are inventory, cost leadership, channel management and customer relationships. Plus, we provide you with all the services that you might need: before, during and after purchase.

Made locally

At Prysmian Hungary, we provide customers and communities in Europe and beyond with cable solutions based on state-of-the-art technology, consistent excellence in execution and in-depth understanding of the needs of an evolving market. At our plant in Kistelek we have specialised in designing and manufacturing safe and long-lasting building wires.

Unconditionally faithful.

Our CYKY building wire is the installer's best friend.

A true friend is there when you need it the most. And CYKY is always up for the task. It doesn't matter if you'll install it fixed in the ground, on cable trays, in ducts or walls – CYKY will not hesitate to do as commanded. And, in terms of voltage level it has a higher efficiency than expected. Our most popular cable on the market we breed to succeed.

Products

CONDUCTORS WITH PVC SHEATH

Designed to be installed indoors, or outside in trench or ducts.

CYKY
